

Guidance to Add a New Member to the Board of Trustees of an Existing Charter School Authorized by the Board of Regents

Pursuant to the charter agreement and current authorizer practice, the Department's consent is required before a prospective candidate may serve on or be seated to a charter school's board of trustees. Prior to a request to the Department for approval, all charter schools are required to comply with the requirements posted at [Adding a Board of Trustee Member to an Existing Board of Regents-Authorized Charter School](#). Additionally, charter schools must conduct and provide for the cost of a background check via fingerprint scan for any prospective candidate to its board of trustees.

If, at any time, the information provided for a prospective candidate to a board of trustees contains material misstatements or material omissions of fact, this shall constitute misconduct. Providing false, misleading, and/or incomplete information may lead to a withdrawal of the Department's approval of a prospective candidate, nullifying that candidate's appointment to the board of trustees. Each member of the board of trustees must immediately disclose the discovery of any misstatements or material omissions of fact related to the prospective candidate.

Background Check via Fingerprint Scan

The preferred background search provider is the New York State Division of Criminal Justice Services (DCJS) Personal Criminal History Record Review Program. Pursuant to 9 New York Code of Rules and Regulations Part 6050.1, the New York State Division of Criminal Justice Services allows an individual or his/her attorney to obtain either a copy of all criminal history information maintained on file at DCJS pertaining to him or her, or a response indicating that there is no criminal history information on file. Effective Nov. 26, 2014, an individual may choose between of two types of Personal Record Review Responses—Unsuppressed or Suppressed as described in detail on the DCJS web page at [Requesting Your New York State Criminal History](#).

Existing Boards of Trustees shall require that a prospective candidate request their own *Personal Record Review – Unsuppressed Record*. The prospective candidate may share information from their personal record review as necessary for the Board of Trustees to prepare the required Confirmation of Background Check and Clearance to Serve to the Department.

To Request a Public Record Review While Living in New York State:
