Indirect Cost

- Indirect Cost is an Administrative cost.
 - 10% cap on administrative costs in the Composite Budget
- Recalculate your Indirect Cost when you do an amendment (even if you don't touch that code, you might affect it).

The screenshot shows a form titled "INDIRECT COST". The first section is labeled "A. Modified Direct Cost Base - Sum of all preceding subtotals (codes 15, 16, 40, 41, 42, and 80) and includes the portion of each subcontract exceeding \$25,000 and any flowthrough charges." There is a red "Manual Entry" label next to a field. Below this, there is a section for "Subtotal - Code 900" with a value of "0." and a "C." label. A note states: "For your information, maximum direct cost base: 10% of the total direct cost base, rounded down to the nearest dollar." At the bottom, there is a section for "Total Indirect Cost" with a value of "0.00".
